Elvan in a Nutshell

The foundations of Elvan Group was set in 1952 in a small candy shop in Istanbul. Elvan, which today produces a wide range of products including chocolate, wafers, candy, jelly beans, cake, croissant, waffle, and biscuits and markets them internationally, is taking firm steps towards reaching its goal of being a top ranking company in the international Candy Global 100 listing.

Elvan, which established the first R&D Center in Turkey in its sector is opening new horizons in the world of confectionery with its innovative products. Croissants which are produced with special yeast keep their first-day's freshness. Elvan, which is the producer of the first packed croissant with olive oil in the world, is the shining star of bakery products, which bear the brand name "TODAY".

Elvan also introduced to Turkey and its export markets its brand new waffle, making another mark with its new product Fondante, which is described as "neither candy, nor chocolate: both candy and chocolate". The company, whose innovation and R&D awards are strong indicators of its success, is proceeding fast towards achieving a turnover of 1 billion dollars.

Elvan, the leading brand of the Elvan Group, currently employs about 2500 people in 10 facilities based in Turkey and Egypt.

A large, dense pile of various Fondateur Fondant chocolates. The chocolates are wrapped in colorful foil (green, blue, orange, brown, yellow) and some are unwrapped, showing the round, chocolate-covered candies. The word "Fondante" is printed on the wrappers in various colors and fonts. The word "FONDANT" is also visible on some wrappers. The overall scene is a vibrant display of the product.

A vibrant advertisement for Wm. Wrigley Chewing Gum's 'Liquorice' brand. The background is a bright green with a subtle pattern of licorice sticks. At the top, the word 'Liquorice' is written in a colorful, bubbly font where each letter is a different color (red, yellow, blue, pink, purple). Below the title, five anthropomorphic licorice characters are shown. From left to right: a bundle of multi-colored sticks with a yellow yin-yang character; a pink character with rainbow stripes; a purple character; a large red character with a white smile; and a green character wearing red sunglasses. At the bottom, the word 'Liquorice' is written in large, blue, bubbly letters with a yellow outline. Below that, the slogan 'Extend the Fun' is written in white, bold, italicized letters with a blue outline.

A close-up, diagonal view of a wafer cake. The cake consists of alternating layers of thin, golden-brown wafers and a dark, textured filling. The layers are clearly visible, showing the delicate structure of the wafers and the moist appearance of the filling. The lighting is warm, highlighting the textures and colors of the ingredients.
